

The Music program at Dawson Community College offers a solid foundation in theory, music appreciation, choir, and instrumental performance. The program prepares students for transfer to a four-year program in music education, performance, or elementary education with a music option.

COST, AFFORDABILITY, & TRANSFER

Attending DCC for two years can save students, on average, up to 42% when compared to four-year institutions in Montana.

DCC follows the Montana University System's (MUS) Common Course Numbering system to ensure seamless transfer of credits to other MUS institutions.

PLAN OF STUDY

The Associate of Arts is a transfer degree and is awarded without designation of major, but does follow curriculum transfer plans. The following plan of study is suggested for an AA with an emphasis on Music Education.
