

DCC's Allied Health & Nursing curriculum prepares students for transfer into a program at a four-year or technical school that provides training in a medical field.

COST, AFFORDABILITY, & TRANSFER

Attending DCC for two years can save students, on average, up to 42% when compared to four-year institutions in Montana.

DCC follows the Montana's University System's (MUS) Common Course Numbering system to ensure seamless transfer of credits to other MUS institutions.

CAREER OPTIONS

A degree following DCC's Allied Health and Nursing curriculum prepares students for further study leading to career paths include, but are not limited to, nursing, respiratory therapy, x-ray technology, dental hygiene, laboratory assistant, physical therapy.
